

**DESCRIPTION:**

Aptica XT is the new Inglesina System Quattro "All terrain" that follows the growth of the child from birth to 22 kg (4 years), from nap to stroll. Equipped with Darwin Infant i-Size car seat with Darwin i-size base, approved according to the new ECE R129 standard.

PAY OFF:

The first stroller with **ADAPTIVE CRUISE**.

S.P:

For off-limits walks. Thanks to the exclusive Adaptive Cruise System, Aptica XT dynamically adapts to all terrains and to your child's growth, always guaranteeing maximum well-being and an agile and fluid operation even in the most extreme conditions.

WHAT IT INCLUDES:

- (A) Maxi carrycot
- (B) Welcome Pad™ + mattress
- (C) Stand-up
- (D) Chassis
- (E) Car seat Darwin Infant i-Size
- (F) Stroller seat

(A) MAXI CARRYCOT**DESCRIPTION:**

Pram with generous internal dimensions 79 x 37 cm. It is designed for car transportation and is type approved for group 0 (children weighing between 0 and 10 kg), according to ECE 44/04 European regulations, with the use of the dedicated Auto kit.

MAIN BENEFITS:

- **Guarantees maximum well-being for the child:**
 - Thanks to its internal dimensions, it allows the widest possible use time, even in the winter months, when the child is wrapped in overalls or padded sleeping bags.
 - The backrest can be reclined in different positions to facilitate digestion after feeding.
 - Base with aeration control system, to regulate the flow of air and temperature inside the carrycot.
 - Hood in anti-UV (UPF50+) treated fabric with removable sun visor for shielding against direct sunlight even when the sun is low on the horizon.
 - Ventilation windows in the hood ensure proper air circulation inside, to keep the area cool and ventilated.

SYSTEM APTICA XT - SYSTEM QUATTRO R129

- **It is easy and practical to use:**
 - It is easy to transport thanks to the practical handle.
 - It easily detaches from the chassis or stand-up through a convenient central mechanism.
 - It facilitates the positioning of the newborn thanks to the "quick-access" function of the apron.
- **It enables comfortable and safe travel**
 - Approved for transport in the car by means of the dedicated kit, it favours rest and lying down position even in the car.
 - The rigid polypropylene shell protects the baby from accidental knocks and bumps.
 - The carrycot is fitted with an indicator showing correct attachment to the chassis or stand-up support for greater safety.

ADDITIONAL BENEFITS:

- Inside in soft breathable jersey fabric, completely removable and washable by hand at 30°C.
- External cover in completely removable and washable technical fabric and waterproof zip, to face all weather conditions.
- Apron to protect your baby from the wind and cold.

CARRYCOT accessories:

- **Auto kit** - indispensable to travel with your newborn by car: that way, your baby travels supine, comfortably and safely.
- **Mattress lining** - a bamboo fibre fitted sheet, designed specifically to fit the Welcome Pad.
- **Newborn winter muff** - accompanies you during the coldest months, ensuring your baby stays snug and warm while providing ideal protection in the harshest weather.
- **Rain cover** - it protects your child against the rain, but also from excessive cold and snow.
- **Mosquito net** - prevents tiresome insects from disturbing your baby's sleep.

TECHNICAL INFORMATION:

Structure material:	polypropylene
External lining material:	polyester
Inner lining material:	jersey fabric
Weight:	5.6 kg
Internal dimensions:	79 x 37 x 22 cm (length x width x depth)
External dimensions:	90 x 44 x 67 cm (length x width x depth)
Type approval:	ECE 44/04 with Maxi Auto Kit

(B) WELCOME PAD™ + MATTRESS

DESCRIPTION:

The Welcome Pad™ derives from the "START MATT" medical device (designed by Inglesina in collaboration with the department of Neonatology of the Maggiore Hospital of Bologna) and was made in observance of the latest scientific well-being and safety guidelines. In combination with the mattress, on which it is laid, it creates a very important ergonomic support during the delicate phase of the first months of life of the child.

BENEFIT WELCOME PAD™:

- Promotes lying on the back and alignment of the spine.
- Gives the baby the surrounding and protection he needs, especially in the first 7-9 weeks of life.
- Helps keep the airways aligned.
- Mitigates the risk of plagiocephaly (flat head syndrome).
- Adapts to the growth of the baby, thanks to the adjustable wedge for supporting the legs.
- It allows the temperature and sweating of the baby to be controlled, thanks to its 3D mesh structure coupled with foam padding and bamboo fibre lining, which is highly breathable, hypo-allergenic and anti-bacterial.

MATTRESS BENEFITS:

- It is in medium density foam with 40 holes for ventilation.
 - The part in contact with the baby is covered with bamboo fibre, which is highly breathable, hypo-allergenic and anti-bacterial.
 - A 3D mesh is applied to the base to improve air circulation and prevent the build-up of humidity.
-

SYSTEM APTICA XT - SYSTEM QUATTRO R129

(C) STAND-UP

Support for carrycot. Transforms the carrycot into a real bed for the night to put next to the bed of the parents. Also useful for travels in the first few months.

BENEFITS:

- It allows you not to wake up your newborn on the way back from the walk, positioning the carrycot in a hygienic and safe way.
- The car seat can also be attached for short naps.
- Easy to close and stow away. Once folded up, it takes up very little space.

TECHNICAL INFORMATION:

Structure material:	aluminium-polypropylene
Weight:	2.2 kg
Dimensions when open:	57 x 53 x 70 cm (width x height x depth)
Dimensions when closed:	11.5 x 71 x 70 cm (width x height x depth)

(D) CHASSIS**MAIN BENEFITS:**

- It easily tackles all terrain and overcomes all obstacles thanks to the large wheels (diameter 215 mm front and 290 mm rear) in rubber with a differentiated double layer inside, absorbing the vibrations transmitted to the child and to the handle.
- It guarantees optimal comfort for the child at every stage of growth, thanks to the independent suspension adjustment system on each wheel.
- **It opens and closes with just one hand.**
- Once folded up, it remains upright on its own and the handle does not touch the ground.
- It is extremely smooth thanks to the double ball bearings on the four wheels (Abec 5 type).
- It adapts to the height of the parent thanks to the handle, which is height-adjustable in 4 positions.
- The handle is covered with a stylish leatherette material.
- It is equipped with a large basket with integrated pocket. The reflective material profile makes evening strolls safer.

TECHNICAL INFORMATION:

Structure material:	aluminium-polypropylene
Weight:	9.5 kg
Chassis dimensions when open:	53 x 103/113 x 85/97 cm (width x height x depth)
Chassis dimensions when closed:	53 x 90 x 35 cm (width x height x depth)

(E) CAR SEAT DARWIN INFANT I-SIZE**DESCRIPTION:**

Car seat approved according to the European standard ECE R129 i-Size, suitable for children from 40 cm (from birth) until the child is 75 cm tall. Compatible with Darwin i-Size base. It can be installed also without the car base. It can be positioned inside the car only rearward facing, on the rear seats or on the front seat only if the airbag has been disabled.

MAIN BENEFITS:

- Allows you to travel safely:
 - It meets the high safety criteria set by the new ECE R129 standard.
 - **Maximum protection in case of side impacts, thanks to Side Head Protection technology.**
 - The matching with the i-size base remarkably decreases the risk of an incorrect installation inside the car.
- It guarantees maximum comfort for the child:
 - The generous dimensions and the tilt angle guarantee the child an ideal posture.
 - The head hugger, covered in soft jersey fabric and breathable 3D mesh on the back, welcomes and protects the child in the first months of life.
 - The seat structure has 149 holes for ventilation.

SYSTEM APTICA XT - SYSTEM QUATTRO R129

- Easy and practical to use:
 - Easy to carry, thanks to the carry handle with ergonomic handle and its light weight (4.75 kg).
 - Equipped with a practical central release mechanism, located on the back of the backrest.
 - The headrest can be height-adjusted via a central control, and is integrated with the harness system to easily adapt to the growth of your child.
 - Removable internal fabric lining, hand washable at 30°C.

ADDITIONAL BENEFITS:

- The hood is fitted with an additional removable sun visor and is made with a fabric having UPF50+ treatment for protection against UV rays.
- Shoulder straps and crotch strap are covered with soft Lycra fabric and padded to avoid the harness rubbing against your child's delicate skin.
- Can be used as a baby carrier and baby chair at home, when attached to the stand-up support.

Optional accessories for the DARWIN INFANT i-SIZE car seat:

- **Darwin i-size Base** - only for use in cars fitted with the namesake connectors (see list of compatible vehicles enclosed with the instruction manual or on the Inglesina website). It encourages the stability of the child car seat in the car and makes for a smoother transition of the car seat from the chassis to the car and vice versa.
- **Newborn winter muff** - accompanies you during the coldest months, ensuring your baby stays snug and warm while providing ideal protection in the harshest weather.
- **Rain cover** - it protects your child against the rain, but also from excessive cold and snow.
- **Mosquito net** - prevents tiresome insects from disturbing your baby's sleep.
- **Summer cover** - during the warmest months of the year, it helps keep your baby cool.

TECHNICAL INFORMATION

Structure material:	polypropylene
Lining material:	polyester
Child car seat harness:	3-point
Position in the car:	installed rearward facing from 40 to 105 cm, at least until the child is 15 months old, namely up to 75 cm tall. Only rearward facing.

Internal height of backrest:	51 cm
Internal width of stroller seat:	24 cm
External car seat dimensions:	42 x 60 x 64 cm (width x height x depth)
Darwin i-Size base dimensions (optional):	32 x 33 x 64 cm (width x height x depth)
Type approval:	ECE R129 i-Size

(F) STROLLER SEAT

DESCRIPTION:

Seat to compose the stroller of the Aptica system.

MAIN BENEFITS:

- It comes complete with footmuff, full cover hood with UV treatment (UPF 50+) and baby bottle holder.
- It easily engages and disengages to/from the chassis in both directions.
- Sandwich folding system to take up minimal space.
- It guarantees maximum comfort for the child:
 - The stroller seat is very wide and padded (53 x 33 cm).
 - The backrest can be reclined in 7 positions to the "sleeping" position by means of a central control.
 - The footrest is height and length adjustable to grow at the same pace as your child.
 - The padded shoulder straps of the belts and the crotch strap avoid the harness rubbing against your child's delicate skin.

SYSTEM APTICA XT - SYSTEM QUATTRO R129

ADDITIONAL BENEFITS:

- A mesh insert in the hood ensures proper air circulation around the stroller seat, to keep the area cool and ventilated. Excellent to see your child as you walk.
- The stroller and hood lining are fully removable and can be hand washed at 30°C.
- Equipped with special waterproof zips, to deal with all weather conditions.

STROLLER accessories:

- **Baby Snug Pad** - a soft cotton head hugger that ensures newborns travel in comfort.
- **Raincover** - protects your child against the rain, but also from wind and snow, and it is full-cover (covering the entire stroller).
- **Summer cover** - during the warmest months of the year, it helps keep your baby cool.
- **Stroller winter muff** - accompanies you during the coldest months, ensuring your baby stays snug and warm while providing ideal protection in the harshest weather.

TECHNICAL INFORMATION:

Structure material:	polypropylene
Lining material:	polyester
