

DESCRIPTION:

Electa is the new Inglesina System Quattro that follows the growth of the child from birth to 22 kg (4 years), from nap to stroll. Equipped with Darwin Infant car seat, approved according to the ECE 129/03 regulation.

PAY OFF:

A Star in the City

S.P.:

The System Quattro ideal for city life. Thanks to its lightness and compactness, it can be taken everywhere, without ever neglecting the well-being of the child.

WHAT IT INCLUDES:

- (A) Maxi carrycot
- (B) Welcome Pad® + mattress
- (C) Stand-up
- (D) Chassis
- (E) Car seat Darwin Infant Recline
- (F) Stroller seat

(A) MAXI CARRYCOT

DESCRIPTION:

Pram with generous internal dimensions 79 x 37 cm. It is designed for car transportation and is type approved for group 0 (children weighing between 0 and 10 kg), according to ECE 44/04 regulation, with the use of the dedicated Auto kit.

MAIN BENEFITS:

- **Guarantees maximum well-being for the child:**
 - Thanks to its internal dimensions, it allows the widest possible use time, even in the winter months, when the child is wrapped in overalls or padded sleeping bags.
 - The backrest reclines into different positions to facilitate digestion after feeding and to allow children to look out when they are older.
 - Base with aeration control system, to regulate the flow of air and temperature inside the carrycot.
 - Hood in anti-UV (UPF 50+) treated fabric with removable sun visor for shielding against direct sunlight even when the sun is low on the horizon.
 - Ventilation windows in the hood ensure proper air circulation inside, to keep the area cool and ventilated.
- **It is easy and practical to use:**
 - It is easy to transport thanks to the practical handle.
 - It easily detaches from the chassis or stand-up through a convenient central mechanism.
 - It facilitates the positioning of the newborn thanks to the "quick-access" function of the apron.
- **It enables comfortable and safe travel**
 - Approved for transport in the car by means of the dedicated kit, it favours rest and lying down position even in the car.
 - The rigid polypropylene shell protects the baby from accidental knocks and bumps.
 - The carrycot is fitted with an indicator showing correct attachment to the chassis or stand-up support for greater safety.

ADDITIONAL BENEFITS:

SYSTEM ELECTA - SYSTEM QUATTRO R129/03 RECLINE

- Inside in soft breathable jersey fabric, completely removable and washable by hand at 30°C.
- External lining in padded fabric, for improved heat insulation, completely removable and washable.
- Apron to protect your baby from the wind and cold.

CARRYCOT accessories:

- **Auto kit** - indispensable to travel with your newborn by car: that way, your baby travels supine, comfortably and safely.
- **Mattress lining** - a bamboo fibre fitted sheet, designed specifically to fit the Welcome Pad®.
- **Newborn winter muff** - accompanies you during the coldest months, ensuring your baby stays snug and warm while providing ideal protection in the harshest weather.
- **Rain cover** - it protects your child against the rain, but also from excessive cold and snow.
- **Mosquito net** - prevents tiresome insects from disturbing your baby's sleep.

TECHNICAL INFORMATION:

Structure material:	polypropylene
External lining material:	polyester
Internal lining material:	jersey fabric
Weight:	5.6 kg
Internal dimensions:	79 x 37 x 22 cm (length x width x depth)
Type approval:	ECE 44/04 with Auto Kit

(B) WELCOME PAD® + MATTRESS

DESCRIPTION:

The Welcome Pad® derives from the "START MATT" medical device (designed by Inglesina in collaboration with the department of Neonatology of the Maggiore Hospital of Bologna) and was made in observance of the latest scientific well-being and safety guidelines. In combination with the mattress, on which it is laid, it creates a very important ergonomic support during the delicate phase of the first months of life of the child.

BENEFIT WELCOME PAD®:

- Promotes lying on the back and alignment of the spine.
- Gives the baby the surrounding and protection they need, especially in the first 7-9 weeks of life.
- Helps keep the airways aligned.
- Mitigates the risk of plagiocephaly (flat head syndrome).
- Adapts to the growth of the baby, thanks to the adjustable wedge for supporting the legs.
- It allows the temperature and sweating of the baby to be controlled, thanks to its 3D mesh structure coupled with foam padding and bamboo fibre lining, which is highly breathable, hypo-allergenic and anti-bacterial.

MATTRESS BENEFITS:

- It is in medium density foam with 40 holes for ventilation.
 - The part in contact with the baby is covered with bamboo fibre, which is highly breathable, hypo-allergenic and anti-bacterial.
 - A 3D mesh is applied to the base to improve air circulation and prevent the build-up of humidity.
-

(C) STAND-UP

Support for carrycot. Transforms the carrycot into a real bed for the night to put next to the bed of the parents. Also useful for travels in the first few months.

BENEFITS:

- It allows you not to wake up your newborn on the way back from the walk, positioning the carrycot in a hygienic and safe way.
- The car seat can also be attached for short naps.
- Easy to close and stow away. Once folded up, it takes up very little space.

TECHNICAL INFORMATION:

Structure material:	aluminium-polypropylene
Weight:	1.9 kg
Dimensions when open:	56 x 53 x 70 cm (width x height x depth)
Dimensions when closed:	56 x 66.5 x 13 cm (width x height x depth)

(D) CHASSIS

MAIN BENEFITS:

SYSTEM ELECTA - SYSTEM QUATTRO R129/03 RECLINE

- Incredibly lightweight. Only 5.5 kg. You can easily transport and load it anywhere!
- Once folded up, it is extremely compact, it remains upright on its own and the handle does not touch the ground.
- It opens and closes with just one hand.
- It passes through the narrowest spaces thanks to the small overall dimensions (only 50 cm).
- It is extremely smooth and manoeuvrable thanks to its advanced chassis and ball bearings on all four wheels.
- It adapts to the height of the parent thanks to the height-adjustable handle.
- The large storage basket has a reflective material profile, to make evening strolls safer.

TECHNICAL INFORMATION:

Structure material:	aluminium-polypropylene
Weight:	5.5 kg
Chassis dimensions when open:	50 x 93-106 x 83-96 cm (width x height x depth)
Chassis dimensions when closed:	50 x 73.5 x 28 cm (width x height x depth)

(E) DARWIN INFANT RECLINE CAR SEAT

DESCRIPTION:

Reclining car seat approved according to the ECE R129/03 regulation, suitable for children from 40 cm until the child is 75 cm tall (from birth to approx. 12 months). Compatible with the Darwin i-Size base and the Darwin 360° i-Size base. It can be installed in the car with or without the base. It can be positioned inside the car only rearward facing, on the rear seats or on the front seat only if the airbag has been disabled. The innovative I.S.A. (Integrated Shock Absorber) technology absorbs and reduces the energy transmitted to the child in the event of a collision, thus ensuring maximum safety conditions even when supine.

MAIN BENEFITS:

- It guarantees maximum comfort for the child:
 - The reclining mechanism lowers the backrest and extends the leg support, allowing the back and legs to be aligned in an almost fully supine position.
 - The reduction cushion and the head hugger are covered with bamboo fibre and 3D mesh in the back, thus promoting optimal transpiration.
 - The seat structure has 149 holes, spread uniformly, to facilitate the passage of air.
 - The hood is fitted with an additional removable sun visor and is made with a fabric having UPF 50+ treatment for protection against UV rays.
- Allows you to travel in full safety:
 - The Integrated Energy Absorber technology dampens the energy transmitted to the child in the event of a collision.
 - The Side Head Protection technology provides maximum protection in the event of side impacts.
 - The combination with the Darwin i-Size and Darwin i-Size 360° bases remarkably decreases the risk of an incorrect installation inside the car.
- Easy and practical to use:
 - Thanks to the small footprint, the car seat is free to rotate on the base even when fully reclined, without touching the seats.
 - Equipped with a practical central release mechanism, located on the back of the backrest.
 - The inclination is adjusted via a control on the front of the seat, so that the child can be supervised while reclining.
 - The headrest can be height-adjusted via a central control, and is integrated with the belt system to adapt to the growth of your child.
 - The child car seat and hood fabric lining is easily removable and can be hand washed at 30°C.

ADDITIONAL BENEFITS:

- The hood is fitted with an additional removable sun visor and is made with a fabric having UPF 50+ treatment for protection against UV rays.
- Shoulder straps and crotch strap are covered with soft Lycra fabric and padded to avoid the harness rubbing against your child's delicate skin.
- Can be used as a baby carrier and baby chair at home, when attached to the stand-up support.

Optional accessories for the DARWIN INFANT RECLINE car seat:

- **Darwin i-size Base** - only for use in cars fitted with the namesake connectors (see list of compatible vehicles enclosed with the instruction manual or on the Inglesina website). It encourages the stability of the child car seat in the car and makes for a smoother transition of the car seat from the chassis to the car and vice versa.
- **Darwin 360° base i-Size** - ensures a solid connection to the car seat, thanks to the Isofix attachments. In addition to allowing a quicker transfer of the seat from the chassis to the car and vice versa, it helps by rotating 360° to position the child effortlessly in the car.
- **Newborn winter muff** - accompanies you during the coldest months, ensuring your baby stays snug and warm while providing ideal protection in the harshest weather.
- **Rain cover** - it protects your child against the rain, but also from excessive cold and snow.
- **Mosquito net** - prevents tiresome insects from disturbing your baby's sleep.
- **Summer cover** - during the warmest months of the year, it helps keep your baby cool.

TECHNICAL INFORMATION

Structure material:	polypropylene
Lining material:	polyester
Child car seat harness:	3-point
Position in the car:	Only rearward facing.

SYSTEM ELECTA - SYSTEM QUATTRO R129/03 RECLINE

Weight:	5,75 kg
Internal width of backrest:	27 cm
Internal height of backrest:	51 cm
Internal width of stroller seat:	24 cm
External car seat dimensions:	42 x 60 x 64 cm (width x height x depth)

(E) STROLLER SEAT

DESCRIPTION:

Seat to compose the stroller of the Electa system.

MAIN BENEFITS:

- It comes complete with footmuff, full cover hood with UV treatment (UPF 50+).
- It easily engages and disengages to/from the chassis in both directions.
- Sandwich folding system to take up minimal space.
- It guarantees maximum comfort for the child:
 - The stroller seat is wide and padded (51 x 32 cm).
 - The backrest can be reclined in 4 positions to the "sleeping" position by means of a central control.
 - At the adjustable footrest.
 - The padded shoulder straps and the crotch strap avoid the harness rubbing against your child's delicate skin.

ADDITIONAL BENEFITS:

- A mesh insert in the hood ensures proper air circulation around the stroller seat, to keep the area cool and ventilated. Excellent to see your child as you walk.
- The stroller and hood lining are fully removable and can be hand washed at 30°C.

STROLLER accessories:

- **Baby Snug Pad** - a soft cotton head hugger that ensures newborns travel in comfort.
- **Raincover** - protects your child against the rain, but also from wind and snow, and it is full-cover (covering the entire stroller).
- **Summer cover** - during the warmest months of the year, it helps keep your baby cool.
- **Stroller winter muff** - accompanies you during the coldest months, ensuring your baby stays snug and warm while providing ideal protection in the harshest weather.
- **Umbrella** - protects your baby from direct sunlight. Thanks to the large diameter (70 cm) and the flexible handle, it is easily orientable towards the sun's rays.

TECHNICAL INFORMATION:

Structure material:	polypropylene
Lining material:	polyester
Width of backrest:	32 cm
Height of backrest:	54 cm
Width of stroller seat:	32 cm
Stroller seat weight:	3.2 kg
Dimensions of stroller when open:	50 x 107 x 83-96 cm (width x height x depth)
Folded stroller dimensions (towards the street):	50 x 73.5 x 30 cm (width x height x depth)
Folded stroller dimensions (towards the parent):	50 x 80 x 32 cm (width x height x depth)
Stroller weight (stroller seat + chassis):	8.7 kg
